

LINE LIGHT BONNET C+R

Powerful illumination of the entire engine bay

The BONNET LIGHT provides you with an extremely bright and powerful illumination of the entire engine bay.

Supplied with an adjustable telescopic holder with soft-padded hook ends providing a firm and scratch-free grip on the vehicle. The holder is compact and takes up less space in storage.

Without cable the bonnet light might also be used as a large inspection lamp. Inside the cabin the BONNET LIGHT may also be used as work light either mounted by the telescopic holder or mounted onto the windscreen by the flexible arm with suction cup.

LINE LIGHT BONNET C+R is made in Denmark.

Additional accessories available to position the lamp all places on or beneath the car.

New, improved version from January 2017:

- Improved light output (1000 lumen) increased by more than 40%
- Dust and waterproof, IP65
- Choose between 2 light settings (50% or 100%) for maximized operating time
- New magnetic, electronic switch
- Most slim and compact bonnet light on the market
- Extremely low weight, only 1000g incl holder
