

THIN LITE

Ultra-thin rechargeable inspection hand lamp

With a slim headlight of only 12 mm the THIN LITE has its name for a reason. THIN LITE provides powerful illumination from main light and top light and is the ideal work light for very demanding and difficult inspection jobs as the ultra-thin, compact design allows inspection in even the most inaccessible and narrow work areas.

The powerful spot light of the THIN LITE provides you with an efficient flashlight function for detailed inspection tasks.

For maximized operating time you can choose between 2 light settings (50% or 100%).

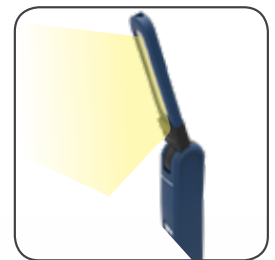

- Rechargeable work light with flashlight function
- Ultra-thin and compact design
- Light output up to 250 lumen
- 270° flexible positioning
