

UNIVERSAL CHARGER

Durable charger for SCANGRIP lights

DESIGNED BY
SCANGRIP
IN DENMARK

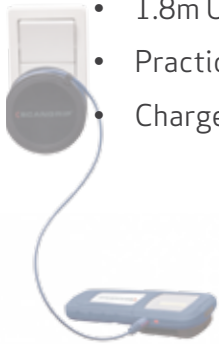

As first-mover within work lighting technology, SCANGRIP is setting new standards. The new SCANGRIP UNIVERSAL CHARGER is a prime example of this where innovation and new unique functionality go together.

The concept is to have only one charger which fits all rechargeable SCANGRIP lights.

Clip-on to fix the cable in the length needed when charging

- 1.8m USB cable
- Practical clip-on to fix the cable
- Charger and cable storage in one unit

UNIVERSAL CHARGER

Item no. 03.5300

1,8 m USB cable

Easy to store the cable

TECHNICAL SPECIFICATIONS

USB to mini DC plug
1,8 m flexible USB cable
Charger input voltage:
100-240V AC 50/60Hz
Charger output voltage: 5V DC 1A
European standard plug
IP20

USB CAR ADAPTER

Item no. 03.5301

For easy charging from the cigarette socket when on the move

TECHNICAL SPECIFICATIONS

Input voltage: 12-24V DC
Output voltage: 5V DC 1A

USB CABEL

Item no. 03.5303

TECHNICAL SPECIFICATIONS

1,8 m flexible USB cable
